

EMMJ-PP Microphone Socket (unbalanced)

Single Inlet Wall Mounted Female (1/4" phone patch panel)

- > 1/4" TRS phone jack for balanced line
- > Extremely durable acrylic/PVC alloy body offering long term performance, appearance and cost effectiveness
- > Reliability, robustness and dependability derive from incorporating latest components from the well proven and reliable XX and A series connectors.
- > Provides unequalled performance through quality design.

EMVGA-PP VGA Receptacle Panel

Wall Plate VGA/DSub 15p HD Female (VGA Patch Panel)

- > Mounting holes shall be countersunk and spaced to center the plate on standard gang electrical wall boxes
- > Extremely durable acrylic/PVC alloy body offering long term performance, appearance and cost effectiveness
- > Reliability, robustness and dependability derive from incorporating latest components from the well proven and reliable XX and A series connectors.
- > Provides unequalled performance through quality design.

EMXLR-PP Accessories Microphone Socket Panel (balance)

Single Inlet Wall Mounted XLR Chassis Connectors Panel (XLR Chassis Patch Panel)

- > Provides unequalled performance through quality design.
- > New DLX series features a compact all metal housing with an ingenious duplex ground contact, which offers excellent RF protection and shielding.
- > Reliability, robustness and dependability derive from incorporating latest components from the well proven and reliable XX and A series connectors.
- > Extremely durable acrylic/PVC alloy body offering long term performance, appearance and cost effectiveness.
