

EMIX ASC-809

PREMIUM SPEAKER STAND WITH QUICK-LOCK FUNCTION

Material:
reinforced nylon

Elevate your audio setup with our adjustable speaker stand featuring a Quick-Lock function, engineered for both convenience and performance. Built with durable materials and a stable tripod base, this stand offers reliable support for a wide range of PA, monitor, or powered speakers.

The highlight of this model is Quick-Lock height adjustment system, allowing you to set your desired height quickly and securely—without the need for pins or manual screws. Just lift or lower the stand and let the auto-lock mechanism hold it firmly in place. Ideal for fast-paced environments like live performances, event setups, or studio sessions, this feature saves valuable time while ensuring rock-solid stability.

With a maximum load capacity of up to 30kg and a height range of 100cm to 180cm, this speaker stand provides the versatility needed for professional sound reinforcement. Its universal 35mm mounting pole fits most standard speaker models, while the foldable design makes it highly portable and easy to store.
